Request Description

-

Request Category Code: Power generation
Description: The Bayshore Regional Sewerage Authority (BRSA) has stand-by power provided to its Wastewater Treatment Plant and Pumping Stations by six (6) generators. These generators are approximately 20 years old and the BRSA is seeking Requests for Quotations (RFQ) for a full service inspection and preventative maintenance in the first year, including changing of oil, spark plugs etc. for all 6 generator sets as a well as an additional inspection in the second year and also on-call service for a 2-year period. Bid items are provided for future service calls, as well as for holiday and emergency situations, while an allowance item is listed for repairs as a result of the initial inspection. The rates provided shall be for a 2-year period of service. Generator sets 1-3 are located at the BRSA Treatment Plant, located at 100 Oak Street Union Beach, NJ. The other sets are located at remote pump stations in the Bayshore area.
